Location: Denver, CO, US

Highly organized UX/UI & Product Designer with experience across finance and diverse industries. Skilled in transforming complex problems into intuitive, data-driven design solutions that balance clarity, usability, and efficiency.

Work

Product Designer @Communify Fincentric

Toronto, ON Canada | Dec 2024 - Present

Served as the founding design architect, establishing the core product experience, design system, and component libraries that became the backbone of all products. Built and led the end-to-end product design process from strategy to delivery.

UX/UI Designer @S&P Global

Toronto, ON Canada | Apr 2021 - Nov 2024

Designed data-driven financial products, defining scalable UI systems and visual standards in collaboration with developers and analysts.

UX Designer @Digital Digm

Seoul, South Korea | Dec 2014 - Jan 2018

Led UX and IA for 13+ global clients including Audi, Samsung, and Mastercard, managing multi-project pipelines and design delivery.

Co-Founder | Designer @Horong

Seoul, South Korea | Aug 2014 - Jul 2017

Co-founded and designed SA:I, a mobile platformer game, creating all visual, UI, and motion assets from concept to launch.

Education

BA, Industrial Design & BA, Convergence Design

Sungshin Women's University

Seoul, South Korea | Mar 2011 - Feb 2015
